

## Navigating to an address or POI

1. From the Map screen, tap **Navigate to...**

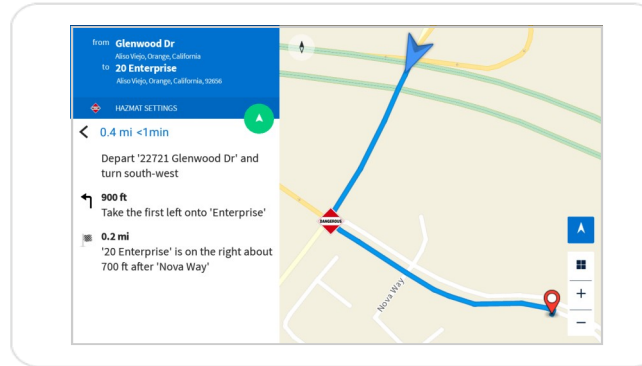

2. Use one of these options to select a location:

- Tap **Search** to open the keyboard and enter parts of an address to search for.
- Select one of the recent places listed towards to top of the screen or one of the locations displayed when you tap **More Recent Places**.
- Tap **Favorites** and select one of your saved locations.
- From the **Search nearby** list tap the POI you would like to search for, for example Fuel or Lodging.

3. After you select a location, the **Location Overview** screen opens.

4. Tap to  calculate and display the route on the **Route Overview** screen.

5. On the route overview, screen, review the route and perform any of these actions:

- Tap  to go back.
- Tap  to start navigating.
- Tap **Hazmat Settings** to review and change hazardous material **Load Type** settings. If any hazmat settings affect your vehicle, the hazmat icon  displays on the map.

## Providing feedback about a location

1. From the **Map** screen, tap the **Mark it flag**  to save your current location.
2. Later, when you are not driving, you can provide feedback about saved locations.
3. From the Menu , select **Feedback**.
4. Tap **Marked Locations** and select the location you marked earlier.

**Note:** If your final destination does not match the location in the map, tap the **Feedback icon**  to submit a correction.

5. Tap on the text 'Please enter your feedback about this location' to open the keyboard and enter your feedback.

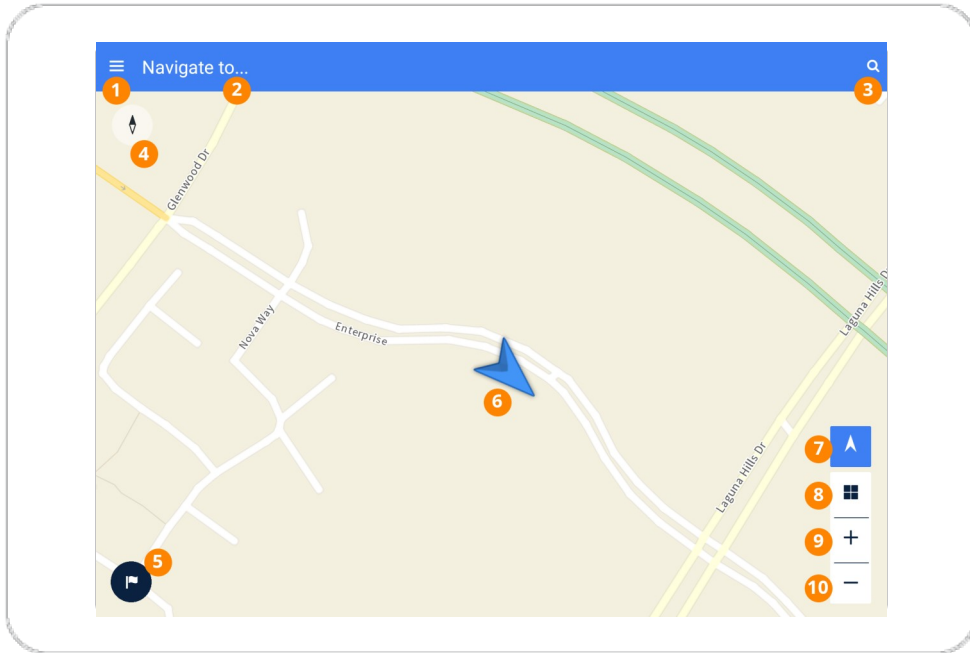

6. To send your feedback, tap the **Send icon** 

## Other tasks
