What's New?

Navigation v6.24.4 contains the following updates:

- Updated the Navigation icon to new corporate standards:

- Removed the “View More Categories” button from the “Search” screen. The “Your categories” list (markers) and the “Categories” list (points of interest) are now presented as a combined “Categories” list. The new list is divided into two sublists named “Your Fleet” (markers) and “Default” (points of interest).
- Implemented single sign-on capability for Omnitrac One users.
- Made performance, stability, and usability improvements.

Release Date and Time

Updates for the Navigation v6.24.4 mobile application will be released to the Google Play and iTunes Store in April 2022.

Get Help

Use the following resources to download the NavGE mobile application and to get help using or troubleshooting NavGE.

Navigation app download	Google Play store (Android) or the Apple App store (iOS)
